

Respite Care 2011

Portland College provides fully inclusive, 24 hour respite care services, all year round* for young adults with disabilities.

Our highly trained staff work closely with families to ensure the wider needs of the individual are met and planned activities contribute to their development and independence.

"We had a great time during our respite week. I enjoyed mixing with a different group of learners and was pleased that I was with staff that I know and who now understand what I like to do. We visited restaurants, went out to the Deep at Hull, as well as using the college facilities such as the hydrotherapy pool and leisure centre. I would recommend it to anyone and will definitely do it again."

Young adult who stayed on a recent respite experience

Interested? To find out more about our respite services simply return the tear off slip to the address below or for an informal discussion, call Gail Kirby-Bontoft on 01623 499189.

**not including the following dates when the college is closed 27/05-10/06, 12/08-26/08 and 21/12-31/12.*
